HARBOR STITCH APPAREL

2025 operational audit dashboard

REVIEW INDICATORS

Fictional records • Not a certified audit opinion

Preliminary screening • Production, quality, supplier payments and fabric usage • PostgreSQL records

PRODUCTION
130,528
units; recorded orders matched

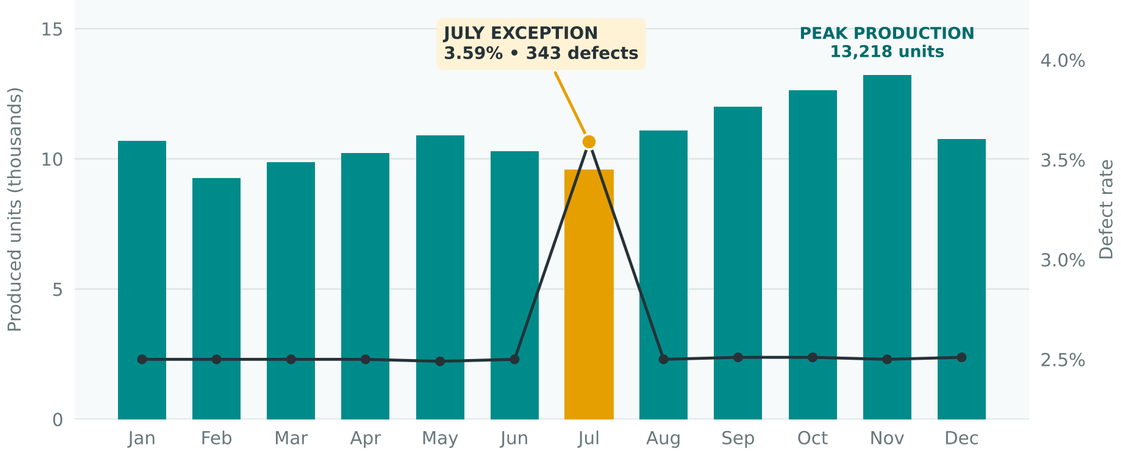
DEFECT RATE
2.58%
3,369 defective units

PAYMENT REVIEW
$3,595
one of two matching paid records

FABRIC EFFICIENCY
96.7%
6,961.4 m above standard

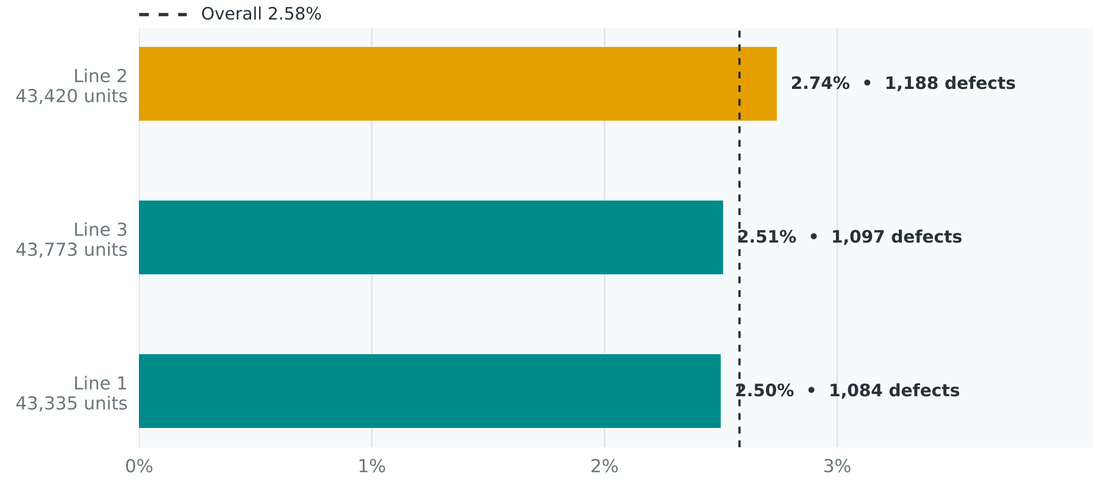
01 Monthly production

Bars: units produced • Line: defect rate • Orders matched production



02 Defect rates by production line

Annual weighted rates • July: Line 2 5.83%; Lines 1 and 3 2.51%



03 Duplicate supplier payment screen

Repeated references require review; matching records do not establish fraud

1 REPEATED SUPPLIER REFERENCE
Coastal Textile Mills • V01-2025-007 • same invoice date and amount

MATCHED AMOUNT • PAID ONE DAY APART

PAID RECORD 1
$3,595
AP-2025-07-V01
Invoice 2025-07-12 • Paid 2025-08-06

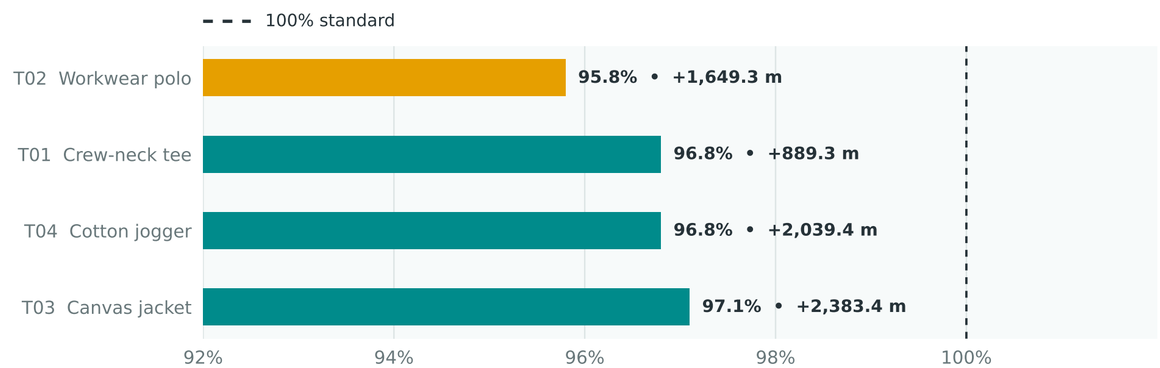
PAID RECORD 2
$3,595
AP-2025-07-V01-COPY
Invoice 2025-07-12 • Paid 2025-08-07

CONTROL COMPARISON

0 invoices with multiple payments • 0 invoice-level overpayments

04 Fabric efficiency

Standard metres ÷ actual metres; higher is better



WEIGHTED TOTAL 96.7%

Actual 210,809.7 m • Standard 203,848.3 m • Excess 6,961.4 m

PRELIMINARY SCREENING | Indicators support operational follow-up; they do not prove fraud, misconduct or financial-statement misstatement.
